

1-NO FOOTPRINTS

The space available to use is reduced, so, in order to provide the maximun space for people, all the elements needed will be hanged from the existing trees

2-MAXIMUN SPACE COVERED

The topic chosen is 'late summer party, and the place is located in a humid area, so the space must be covered as much as possible to fit the location and be prepared against adverse weather conditions.

3-CENTRAL POINT

All parties have a focus point, as well as all parties have drinks, so why not to make that the central area in the area.

4-PEOPLE

Good theme, well designed space and adapted to the area and time of the year, so just people is needed to make it happen.
